SECTION 9.015, REVIEW PROCEDURE: Application for a Conditional Use Permit shall be subject to the public hearing review process.

SECTION 9.020, REVIEW CRITERIA: After taking into account location, size, design, and the general nature of the proposed use; the hearing body must determine that the development will comply with all of the following criteria to approve a Conditional Use Permit.

01. The proposed use will be consistent with the purpose of [and is allowed conditionally in] the zone in which the use proposed.

FINDING 7.3: The Planning Commission finds, via evidence presented both orally and in writing, that the proposed use is consistent with the purpose of [and is allowed conditionally in] the zone in which the use proposed.

02. The use will not create excessive traffic congestion, noise, dust, glare from lights, or other conditions that may be hazardous.

05. The proposed use will not interfere with uses permitted on adjacent parcels.
06. The application satisfies the pertinent criteria of Article 36, Salmon Habitat Restoration.

The Commission further finds that the proposed activity will not result in hazardous materials being stored or used on the premise in quantities greater than customary for use typical in the zone. Also, the proposed activity will not result in discharge into the air, water, or ground which presents a potential health or safety hazard to the area.
