06. **REVIEW CRITERIA:** Article 5, Public Hearing Review, Sections 5.025 (01-03) and 5.040(01) Article 9, Conditional Use, Sections 9.015 and 9.020(01-06); Article 15, Exclusive Farm Use, Section 15.020(02); Article 16, Timber Grazing, Section 16.015, Article 36, Salmon Habitat Recovery, Sections 36.015 and 36.020 and other applicable zoning ordinances or goals of Wallowa County and or laws of the State of Oregon.

SECTION 5.025, NOTICE OF PUBLIC HEARING:

01. Public Hearing Review requires notice of hearing be given to all owners of property lying within:

A. One hundred (100) feet of the exterior boundary of the subject property where the subject property is wholly or in part within an urban growth boundary;

B. Two hundred and fifty (250) feet of the exterior boundary of the subject property where the subject property is outside an urban growth boundary and not within a farm or forest zone;

C. Seven hundred fifty (750) feet of the exterior boundary of the subject property where the subject property is within a farm or forest zone.

The Director will provide notice to other parties should it be determined their interests may be affected by the proposal or they have other need for notice. The notice shall be mailed or otherwise delivered no later than ten days prior to the hearing date.

02. Notice of public hearing shall be placed in a newspaper of general circulation no later than 10 days prior to the hearing date nor greater than twenty 20 days prior to the hearing date.

03. Notice of public hearing shall be posted on the Wallowa County Courthouse Public Notice Board no later than 10 days nor greater than 20 days prior to the hearing date.

FINDING 6.01: The Planning Commission finds the public hearing was properly noticed to all property owners within 750 feet of the subject property, in a newspaper of general circulation and was posted on the Wallowa County Courthouse Public Notice Board prior to the hearing as stated above.

SECTION 5.040, REVIEW PROCESS AND DECISION:

01. The Public Hearing Review authority may impose such conditions of approval upon a permit as are deemed necessary to insure the use or development complies with the

applicable standards and criteria.

FINDING 6.02: The Planning Commission finds that, with regard to this request, no conditions of approval are necessary.

SECTION 9.015, REVIEW PROCEDURE: Application for a Conditional Use Permit shall be subject to the public hearing review process.

SECTION 9.020, REVIEW CRITERIA: After taking into account location, size, design, and the general nature of the proposed use; the hearing body must determine that the development will comply with all of the following criteria to approve a Conditional Use Permit.

01. The proposed use will be consistent with the purpose of [and is allowed conditionally in] the zone in which the use proposed.
02. The use will not create excessive traffic congestion, noise, dust, glare from lights, or other conditions that may be hazardous.
03. The proposed use will not overburden the public services of water, sewer, storm drainage, electrical service, fire protection, and school.
04. The site is suitable to accommodate the proposed use, such as: topography, soils, and parcel size.
05. The proposed use will not interfere with uses permitted on adjacent parcels.
06. The application satisfies the pertinent criteria of Article 36, Salmon Habitat Restoration.

FINDING 6.03: The Commission finds that the proposed use is subject to the Public Hearing process and that, via testimony and other evidence provided, as the purpose of the proposed use to enable the current owners to live on the property as they have in the past and will not result in a change of use, the proposed use meets the above criteria including the criteria of Article 36.

SECTION 16.015, PERMITTED USES: In the Timber Grazing Zone, the following uses and activities and their accessory buildings and uses are permitted subject to the general provisions and exceptions set forth by this ordinance. Applicable review standards for dwelling and structure applications will be determined by the Planning Department based on the predominant use of the tract on January 1, 1993. Where the predominant use as of January 1, 1993, was forest; the standards of this article shall apply. In which case, the provisions of Section 16.025(7) shall only apply to that portion of the subject property in forest use on that date. Where the predominant use

FINDINGS

of the tract on January 1, 1993, was agriculture; the standards of Article 15, Exclusive Farm Use shall apply.

FINDING 6.04: The applicant has, in the narrative supplied, provided evidence to show that the predominant use of the parcel on January 1, 1993 was agriculture. Therefore, the Commission finds that the standards of Article 15, Exclusive Farm Use shall apply to this application.

SECTION 15.020, BUILDINGS AND ACTIVITIES PERMITTED CONDITIONALLY: In the Exclusive Farm Use Zone, the following uses and activities and their accessory buildings and uses are permitted subject to the provisions of Article 9 (Public Hearing Review).

02. A dwelling located on the same lot or parcel as the dwelling of the farm operator and which will be occupied by a relative - which means grandparent, grandchild, parent, child, brother, sister or spouse of the farm operator - whose assistance in management for the farm use is or will be required by the farm operator. The farm operator shall continue to play the predominant role in the management and farm use of the farm. A farm operator is a person who operates a farm doing the work and making the day-to-day decisions about such things as planting, harvesting, feeding, and marketing. The application shall satisfy the pertinent criteria of Article 36, Salmon Habitat Restoration.

FINDING 6.05: The Planning Commission finds that via evidence provided by the applicants that the Lathrops do need help on the farm and that the occupants of the Accessory Farm Dwelling will be providing that assistance.

SECTION 36.015, MANAGEMENT PLANS: Management plans shall be required prior to approval of watershed, streambank, and in-stream project applications. Plans shall conform to the requirements as provided by the Planning Department for this purpose.

SECTION 36.020, DEVELOPMENT PLANS: Development plans shall be required as provided for in this ordinance

FINDING 6.06: The Commission finds that a management plan is not necessary. See Finding 6.03.

07. CONCLUSION:

All applicable criteria have been met, and the Planning Commission approves this application.
